

AAEP 360° CE Sponsorship Release

Dechra Veterinary Products has expanded its longstanding support of equine veterinarians through sponsorship of the American Association of Equine Practitioners' (AAEP) upcoming "360°" continuing education meeting.

The AAEP's 360° Pain in the Neck – What's the Story from Anatomy to Treatment will immerse practitioners in an interactive, small-group exploration of neck problems, with a focus on in-the-field, hands-on diagnostics and therapeutic modalities. The meeting will be held June 19-22 at Colorado State University in Fort Collins, Colo.

The AAEP, based in Lexington, Ky., is a non-profit organization dedicated to the health and welfare of the horse whose membership is composed of more than 9,000 veterinarians and veterinary students worldwide. For additional information about the 360° meeting, including a detailed educational program, registration and hotel reservations, visit www.aaep.org/info/education
